Lazarush First proper solo release, Lazarush aka Crow-box one string from Eshod Ibn Wyza clan follows up his demo cd Pali Ola with an album that really represents his style best.

Winter 2009

LWR-027 D.B. BUXTON - Dirty Disco Party

Walk on the wild side with Edmonton's own Daniel Buxton. An Album filled with seedy and lurid bangin disco tracks sung by the ever so talented D.B. Buxton. Buxton produced all the tracks and plays all instruments on this STD free album.

Spring 2009

LWR- 028 Corvid Lorax - Lunatic Fringe

Corvid Lorax is back with his third solo release which takes a crazy turn in style and substance. Tapping into the local lunatic fringe this album features insane antics from CLX himself as well as a slew of equally crazy MC'S . If you want to meet Edmonton's Lunatic Fringe without fear of getting your carpet pissed on then buy this album, if not then GTFO.

Summer 2009

LWR- 029 Untitled Lazarush + Corvid Lorax + Parellell 49 project

Parrellell 49 have been making wicked Drum+Bass tracks for over a decade now, recently they have teamed up with Corvid Lorax and Lazarush to make a hard breaks album that will seriously make your jaw drop.

Summer 2009

LWR-030 Little Whore of Shoppers

Little Whore records celebrates it's 10th anniversary with our 30th release. This release is kinda like a sampler of Lwr catalog, it will have one track, or excerpt from every Little Whore Records Release. Hopefully around this time we will throw a party with balloons, clowns and stuff as well.
